PROFESSIONAL SUMMARY

Front-End React Developer with 3.9+ years of experience building scalable and high-performance web applications using ReactJS, JavaScript, TypeScript, HTML5, and CSS3. Proven track record of delivering award-winning solutions, including a React-based internal application rated 5/5 and recognized with the Infosys Insta Award. Strong expertise in performance optimization, reusable component architecture, REST API integration, and responsive design. Reliable problem-solver with experience working in agile teams and collaborating across functions to deliver quality front-end solutions.

TECHNICAL SKILLS

Core Skills: ReactJS, JavaScript (ES6+), TypeScript, Redux, Context API, REST APIs, Axios
UI & Styling: HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI
Tools & Platforms: Git, GitHub, npm, VS Code, Postman, Chrome DevTools
Additional Skills: Responsive Web Design, Performance Optimization, Lazy Loading, Code Splitting, Component Architecture, Single Page Applications, State Management

PROFESSIONAL EXPERIENCE

Digital Specialist Engineer — Infosys — Hyderabad, India Oct 2025 – Present

- Develop scalable front-end solutions using ReactJS, JavaScript, and TypeScript for enterprise web applications.
- Build and maintain reusable React components to improve UI consistency and development efficiency.
- Optimize application performance using lazy loading, code splitting, and efficient state management.
- Implement responsive, mobile-first UI designs for smooth experience across devices and browsers.
- Integrate REST APIs with proper error handling and loading states for reliable data flow.
- Collaborate with designers and stakeholders to deliver high-quality features on schedule.

Systems Engineer — Infosys — Hyderabad, India Mar 2022 – Sep 2025

- Developed an award-winning React + SharePoint SPFx document management application for unit managers, implementing UI designs provided by designers, receiving a 5/5 stakeholder rating and earning the **Infosys Insta Award**.
- Implemented metadata-driven search, filtering, sorting, and pagination to improve document usability.
- Improved page load performance using lazy loading, React optimizations, and bundle size reduction.
- Developed reusable React components following best practices for maintainable, scalable code.
- Integrated RESTful APIs using JavaScript to handle data fetching, loading states, and error handling.
- Built pixel-perfect, responsive UIs using CSS3, Flexbox, and Grid for cross-device compatibility.
- Participated in code reviews and shared React best practices with team members.

ACHIEVEMENTS

- **Infosys Insta Award** — Recognized for delivering a high-impact React-based internal application with a 5/5 stakeholder rating
- **Digital Specialist Engineer (DSE) Bridge Program** — Successfully cleared the internal technical evaluation and transitioned into the Digital Specialist Engineer role

EDUCATION

Master of Computer Applications (MCA) *2019 – 2021*
Shree Vivekananda Institute of Management Sciences 69%
Bachelor of Science (B.Sc.) *2016 – 2019*
SKP Govt Degree College CGPA: 8.24/10

CERTIFICATIONS

- Infosys Certified React Expert
- Infosys Certified JavaScript Programmer
- Infosys Certified Front End Web Developer
- Infosys Certified Professional – Generative AI for All
