Objective

Frontend Developer with 3 years of experience building responsive, scalable web applications using React, JavaScript, and modern frameworks. Skilled in UI development, performance optimization, API integration, and Agile delivery. Adept at creating user-friendly interfaces and collaborating in cross-functional teams to deliver business-driven solutions.

Skills

Core Skills: ReactJS, JavaScript, TypeScript, Redux, REST APIs, Node.js, Express.js, MongoDB, MySQL
UI & Styling: HTML, CSS, Tailwind CSS, Bootstrap, Material UI, Framer Motion
Tools & Platforms: Git, GitHub, Postman, VS Code, MongoDB Compass, Chrome Dev Tools
Key Strengths: Responsive Web Design, Performance Optimization, Cross-Functional Collaboration, Attention to detail

Professional Experience

Infosys *Mar 2022 – Present*
Systems Engineer Hyderabad, India

- Built and maintained ReactJS web applications with reusable components, responsive layouts, and modern UI frameworks.
- Implemented RESTful APIs to fetch and update data, handling GET, POST, PUT, and DELETE operations to ensure seamless data flow.
- Improved performance through lazy loading, code splitting, and API optimization, resulting in faster load times and smoother user experience.
- Collaborated with managers to gather requirements and deliver user-friendly, scalable solutions, improving delivery efficiency by 20%.

Key Project: React + SharePoint SPFx Application

- Built and deployed a React + SharePoint SPFx application for unit managers
- Led a 3-member team to deliver features on time by following Agile methodologies (sprints, daily standups).
- Implemented metadata-driven uploads, advanced search, pagination, and custom filters (multi-select dropdowns, date range filtering) using PnP JS and Bootstrap.
- Received the Infosys Insta Award for outstanding contribution and delivering a project rated 5/5 by stakeholders.

Projects

Personal Portfolio Website Link

- Built and deployed a modern, responsive portfolio website using ReactJS, Tailwind CSS, and Framer Motion, showcasing professional experience, projects, and skills.
- Implemented smooth animations and transitions with Framer Motion to deliver an engaging user experience.
- Deployed on Netlify with continuous updates via Git version control.
- Leveraged AI-assisted tools to accelerate development and optimize workflow.

Education

Master of Computer Applications (MCA) *2019 – 2021*
Shree Vivekananda Institute of Management Sciences 69%
Bachelor of Science (B.Sc.) *2016 – 2019*
SKP Govt Degree College CGPA: 8.24/10

Certifications

- Infosys Certified JavaScript Developer
- Infosys Certified React Expert
- Infosys Certified Applied Generative AI Professional
